

# frank Renato freeman Lopez

WEB DEVELOPER

## Profile

Highly experienced web developer with over 15 years of experience in web design, development, testing, and code and application implementation. Proficient in utilizing methodologies such as Scrum and XP, and experienced in creating both internet and intranet websites using technologies like Symphony, Laravel, WordPress, Node.js, Vue.js, Angular, and React. Strong team player with a proven ability to deliver results.

## Employment History

### Baja Technologies, Full Stack Web Developer, San Diego

MAY 2022 – PRESENT

At Baja Technologies, I have been working as a full-stack web developer utilizing my extensive experience in web development. I have been utilizing my skills in JavaScript to build MERN (MongoDB, Express.js, React, Node.js) applications. I have been working with React class and functional components, and Node.js with restify and express as the backend. Additionally, I have been using technologies like MongoDB to deliver efficient, effective and innovative solutions to clients. My experience at Baja Technologies has allowed me to develop my skills further and expand my knowledge in web development.

### nearshoreTechnology , Full Stack Web Developer, Puebla

JUNE 2021 – MAY 2022

As a full stack web developer at nearshoretechnology, I have a strong track record of providing computer solutions to meet the unique needs of clients. My primary focus is on web development, where I have experience working with WordPress websites, developing E-commerce solutions using WooCommerce and Guttenberg blocks, as well as React Native and plugin development with React. My technical skills include proficiency in HTML, PHP, JavaScript, CSS, AJAX, XHTML, XML, YML, MySQL, MySQL Administrator, phpMyAdmin and other relevant technologies. I am able to work in a fast-paced environment, and my experience allows me to deliver efficient, effective and innovative solutions to clients.

### 014 GROUP, Full Stack Web Developer, Mexico City

MARCH 2020 – JUNE 2021

As a full stack web developer at 014 group, I am experienced in providing customized computer solutions to meet the specific needs of clients. My expertise lies in web development, specifically working with WordPress websites, where I have honed my skills in creating custom themes from scratch, developing plugins, and integrating APIs utilizing Symphony4. Additionally, I have proficiency in implementing front-end solutions using Vue.js. My technical skills include proficiency in HTML, PHP, JavaScript, CSS, AJAX, XHTML, XML, YML, MySQL, MySQL Administrator, phpMyAdmin, IOS Mac, Docker, Symfony3, Symfony4, Symfony5, PhpStorm, WebStorm, MySQL Workbench and node.js. With my skills and experience, I am capable of delivering efficient and effective solutions to clients while working with a team in 014 group.

## MAIL COMPANY OF CUBA, Web Developer, Santiago de Cuba

2008 – MAY 2018

As a PHP developer at the Mail Company of Cuba, I played a key role in the development and maintenance of the postal system. Utilizing Symfony1 and working as part of a team, I was responsible for creating reports using a data warehouse database structure, as well as developing a telegram module with functionalities such as sending telegrams and viewing telegram history. I also worked on the creation of version 2.0 of the company's system, and was part of a team that integrated front-end functionality using Angular 2-4. My technical skills include proficiency in HTML, PHP, JavaScript, CSS, AJAX, XHTML, XML, YML, MySQL, MySQL Administrator, phpMyAdmin, Windows XP Pro, Ubuntu Linux, XAMPP, Angular 2-4, Symfony2, Symfony3, PhpStorm, WebStorm, and MySQL Workbench.

## Education

### Postgraduate, Catholic University of Murcia, Santiago de Cuba

SEPTEMBER 2013 – JUNE 2015

My postgraduate degree in Business Administration from the University of Murcia has provided me with a comprehensive understanding of the theoretical and practical aspects of business management. The program has covered a wide range of subjects, including finance, marketing, human resources, and strategic management. Through various coursework, case studies, and research projects, I have developed a strong analytical and problem-solving skills, as well as the ability to think critically and creatively. The program also placed an emphasis on real-world applications, providing me with a solid grounding in the latest business trends, best practices and methodologies. The program was designed to provide students with the knowledge, skills and abilities to take on leadership roles in different business environments. My postgraduate degree in Business Administration from the University of Murcia has opened many doors for me, and I am well prepared for a successful career in business and management.

### Bachelor's , Universidad Ciencias Informaticas Havana Cuba, Havana

SEPTEMBER 2002 – DECEMBER 2007

With a strong background in computer science, I have received a comprehensive education in various areas of the field. I have studied fundamental concepts such as algorithms and data structures, as well as advanced topics such as artificial intelligence and machine learning. I have gained hands-on experience through various projects and assignments, honing my skills in programming languages such as C++, Python, and Java. In addition, I have also gained knowledge of software development methodologies and best practices, such as Agile and Scrum, that have allowed me to approach problem-solving in a structured and efficient way. My computer science education has provided me with a solid foundation in the field, and has equipped me with the skills and knowledge necessary to excel in a career in the technology industry.

## Hobbies

I am an active individual who values the importance of staying physically fit and healthy. Among my favorite hobbies are playing sports, particularly soccer, and regularly going to the gym. These activities not only help me to maintain a healthy lifestyle, but also provide me with a sense of accomplishment and allow me to challenge myself physically. Additionally, I enjoy spending time with my family. I appreciate the importance of having a strong support system and value the time I get to spend with my loved ones. Whether it's going on family vacations, having dinner together or just spending quality time together, I find that being surrounded by family brings me a great sense of joy and fulfillment. Overall, my hobbies reflect my dedication to both physical and emotional well-being, and I strive to balance both to live a fulfilling life.
